First Look at Angular 2

The big picture of Angular 2. How you can write apps with it and how your Angular 1 skills translate to it

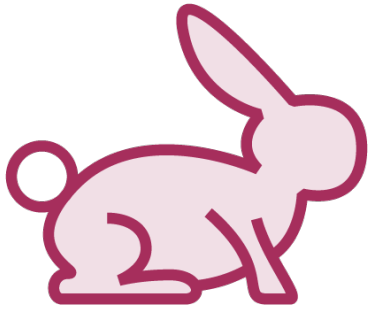
TypeScript

We can use ES5, ES2016, or TypeScript to write Angular 2. We will write all code samples with TypeScript.

JavaScript Basics

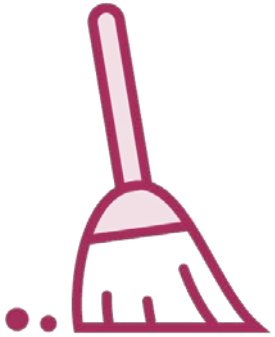
Why Angular 2?

Angular 2



Fast

Powerful



Clean

Easy

iOS

Internet Explorer

9, 10, 11 and Edge

4.1+
